

## Challenger Hot Food Trolleys

Corsair Challenger HMP Trolleys are designed for the safe, easy and efficient transportation of hot food from central/main kitchen areas to wing serveries and other remote serving points.

Based on over 3 decades of experience of successful service in the Custodial Estate throughout the UK, the Challenger Range comes with a 24-month warranty and features:

- Strong, sturdy and easy to manoeuvre castors
- Push/Pull handle on both ends
- Protective 360° bumper-rail - strong and shock-absorbent
- Easy to remove G/N housing Frame for 10 off 1/1 containers
- Ease of emptying, refilling and cleaning - 180 deg opening doors
- Gallery Rail for the retention of articles on top
- Effective and easy to operate, cable-free Dead Man's Break
- Proven heating and insulating performance
- Easy to use plug storage point
- 13A power supply - commando connector if required
