

STIRLING RANGE FOOD DISTRIBUTION SYSTEMS

Over 45 years of efficient and cost-effective solution

Corsair's strengths in Food Distribution and Serving Systems are clear to see in market sectors stretching from the NHS to Education to the HMP Estate throughout the UK.

Regeneration Trolleys, Bulk Food transport, Serveries and Breakfast Trolleys are part of this extensive range.

Trent Regeneration Trolleys

For some catering establishments, preparing meals in advance or sourcing chilled or frozen meals is the best solution given their operational constraints. Corsair has a range of cost-effective regeneration trolleys to meet their most demanding needs.

With many years of experience, Corsair's Trent Regeneration Range ensures a quality meal and customer satisfaction.
